To create the Puerto Rico Tourism Company; to establish its duties, powers, rights and obligations; to authorize transfers; to establish penalties; and to appropriate funds.

STATEMENT OF MOTIVES

The development of the tourist industry has made this activity of services one of the most dynamic and promising sectors of our economy. The encouragement from the government, the participation of private enterprise and other favorable elements, such as climate, natural beauty,

and the oceanic facilities have made tourism a force creating wealth and generating a multitude of working opportunities for all Puerto Ricans.

This industry, because of its wide economic scope, is included within the first five main sectors of our economy, and throughout the years its remarkable contribution to the export trade, to the working market, to the gross national product and to the net income of our Island has been significant. Statistics show that in 1952, the total expense of tourism in Puerto Rico was 13 million; in 1955, 23 million; in 1965, 119 million; in 1967, 167 million; in 1968, 201.7 million and in 1969, 228.5 million.

Making a conservative estimate, it is considered that the tourist industry is responsible for the creation of 14,000 new direct jobs and of 21,150 indirect jobs making a total of 35,250, and that at present tourism contributes \$96 million to the net income of our economy.

Taking all the foregoing into consideration, the potential and extraordinary scope of the economic development of the tourist industry in Puerto Rico is obvious, if the necessary and adequate steps are taken to protect permanently the competitive capacity of the island as a tourist attraction.

In an ever-growing industry having a diversity of interests and of participating sectors, in which considerable amounts of local and foreign investments are rapidly growing and in which its volume and economic social importance require long-term planning, preventive measures, efficient and adequate direction and coordination, it is necessary for this Government to declare a public positive policy with respect thereto.

This Legislature recognizes the necessity and convenience of unification, development and protection of the competitive capacity of our tourism, particularly if we take into consideration the boom which this industry is reaching abroad. Likewise, we believe it is urgent to raise the priority and administrative structure of the program to a level suitable to the importance and complexity of this economic sector.

Be it enacted by the Legislature of Puerto Rico:

Section 1. — Short Title. (23 L.P.R.A. § 671)

The Act of the Tourism Office of the Department of Economic Development and Commerce of the Government of Puerto Rico.

Section 2. — Creation. (23 L.P.R.A. § 671a)

A Tourism Office is hereby created within the Department of Economic Development and Commerce under the name of “Tourism Office of the Department of Economic Development and Commerce of the Government of Puerto Rico” which shall be hereafter known as the “Tourism Office of the Department of Economic Development and Commerce.”

The Tourism Office of the Department of Economic Development and Commerce shall have an Executive Director to be appointed by the Governor with the advice and consent of the Senate of Puerto Rico, who shall hold office until his successor is appointed and takes office. The Executive Director of the Tourism Office of the Department of Economic Development and Commerce shall answer directly to the Secretary of the Department of Economic Development and Commerce. The Executive Director of the Tourism Office of the Department of Economic Development and Commerce shall be of legal age and of recognized ability, moral probity, and knowledgeable and experienced in the fields of public administration and the government endeavor. Said Advisory Council shall advise the Executive Director on any matter referred thereto, including, but not limited to the Puerto Rico Tourist Business Loan and Loan Guarantee Program and the Puerto Rico Tourist Industry Development Fund.”
