To create the Puerto Rico Infrastructure Financing Authority for the purpose of establishing a mechanism to provide financial, administrative or other types of assistance to public corporations and instrumentalities of the Commonwealth of Puerto Rico, authorized by law to develop infrastructure facilities, and to establish an alternate means for the financing of infrastructure facilities; provide for the organization of the Authority; define its powers, authority and functions; authorize it to issue bonds; grant it tax exemption; authorize the transfer or assignment of property; authorize a special deposit for the corporate purposes of the Authority; establish the Puerto Rico Water Pollution Control Revolving Fund under the provisions of [Title VI of the Federal Clean Waters Act](#) as amended; provide for the administration of said Fund by the Authority, and establish penalties.

STATEMENT OF MOTIVES

The government's investment in infrastructure is a basic link for the promotion of the economic development of any country. This public investment in infrastructure not only generates an immediate flow of economic activity, in itself, but also is indispensable for the influx of new private investment which use the facilities established by the public sector, without which it would be difficult to attract this private capital. Classic examples of such investment in infrastructure are roads, dams, electric power systems, the aqueduct, sewer, and waste treatment plants systems, telephone facilities, and many others of a similar nature which result in our collective well-being.

The development of this infrastructure involves a substantial investment of resources. The corporations and public instrumentalities which are responsible for the development and operation

of the various elements of the infrastructure frequently, have financial limitations which prevent them from carrying out their infrastructure investment programs. A good example of a public instrumentality which has an urgent need of resources for a massive program for the improvement and development of new infrastructure, is the Puerto Rico Aqueduct and Sewer Authority. The Aqueduct and Sewer Authority's capital improvements program for the coming years requires an investment of over one billion (1,000,000,000) dollars.

In view of the fundamental importance of the government's investment in the infrastructure, it is necessary to create a specialized body with two cardinal functions. The first consists of providing financial, administrative, and any other type of assistance to public enterprises that undertake such capital improvements, to expedite their corresponding programs and maintain a constant and uninterrupted flow of infrastructure investment. The second shall be to provide an alternate means to finance the infrastructure needs of our public sector directly.

The body created hereunder shall be known as the "Puerto Rico Infrastructure Financing Authority" (the "Authority"). This Authority is created as a body corporate and politic which is a public corporation and an instrumentality of the government of the Commonwealth of Puerto Rico, with sufficient authority to exercise its powers independently from any other public entity.

The Authority shall have a Board of Directors constituted by the members of the Board of Directors of the Government Development Bank and the Secretary of the Treasury in his capacity as such, who shall preside.

The main reason to identify the Authority's Board of Directors with that of the Government Development Bank is that the Bank is the Fiscal Agent of the Government of Puerto Rico and its agencies municipalities and instrumentalities, and in the performance of this function, coordinates, obtains and provides financing for the capital improvements of the public sector, which is a very similar function to that of the Authority.

The Authority shall have all the powers which are necessary and convenient to execute and put into effect the purposes and provisions of this Act. Specifically, it shall have the power to negotiate and execute assistance contracts with other public corporations and instrumentalities with the purpose of providing financial, administrative and other assistance and produce the financing programs needed for the development of infrastructure. The government entity that receives financial assistance from the Authority shall have to meet all the operational, administrative and budgetary requirements, and comply with the filing of reports as required by the Authority in said assistance contract. Likewise, such contracts can include clauses that grant the Authority the power to declare special periods during which the entity that receives these benefits may be required to comply with the conditions established by the Authority.

The Authority shall be empowered to borrow money and issue bonds for any of its corporate purposes, including the financing of the construction, rehabilitation, purchase, repair, conservation and replacement of any part of the Commonwealth's infrastructure. The Authority may also provide consulting, technical, administrative and advisory assistance to public corporations and instrumentalities in all matters related to the operation, maintenance, and improvement of their physical structure.

With the purpose of endowing the Authority with the needed resources to ensure the payment of the principal and interest on bonds and any other obligations which it shall issue at a given time, as well as the bonds and obligations which other public entities which receive the Authority's

financial assistance may issue, a special fund designated as the "Puerto Rico Infrastructure Fund" is hereby created.

This Fund shall be nourished annually for the next thirty (30) fiscal years, with thirty (30) million dollars for the 1988-89 fiscal year, and forty (40) million dollars for each one of the following twenty-nine (29) fiscal years, from the first proceeds received by the Department of the Treasury from federal excise taxes on rum and tobacco shipments, which the Federal Government imposes and collects, and are then returned to the Treasury of Puerto Rico once the administrative costs have been deducted.

In order to continue receiving Federal Government assistance under the provisions of the [Federal Clean Water Act](#), a revolving fund is hereby established pursuant to the provisions of said Act, and its administration by the Authority is hereby provided.

To ensure the most effective compliance of all the provisions of this Act, the Authority is required to submit reports on the development of all its affairs and the progress of its financings and activities, to the Legislature and the Governor, in the manner provided herein.

Be it enacted by the Legislature of Puerto Rico:

Section 1. — Title. (3 L.P.R.A. § 1901 note)

This Act shall be known as the “Puerto Rico Infrastructure Financing Authority Act”.

Section 2. — Purpose. (3 L.P.R.A. § 1901)

The construction, rehabilitation, acquisition, repair, preservation and replacement of the infrastructure of the Commonwealth, or any part thereof, is essential to the general welfare. It is a fact that it is occasionally necessary for the Commonwealth to give financial, administrative, or other assistance to public corporations and instrumentalities of the Commonwealth, to allow them to fulfill their public purpose to provide, preserve, operate, maintain, repair, replace, and improve parts of the infrastructure of Puerto Rico. It is hereby stated that the people of Puerto Rico shall benefit by providing an alternate method of financing our infrastructure needs. It is necessary to immediately establish a Water Pollution Control Revolving Fund and a Commonwealth Potable Water Revolving Fund, and the special standards and provisions that are essential for their administration, so that the Commonwealth may benefit from the Federal Capital Grants program established under [Title VI of the Federal Clean Water Act, as amended](#), and [Title I of the Federal Clean Water Act, as amended](#), or any other similar or related Federal legislation or regulations. It is the firm intent of the Legislature of Puerto Rico to adopt whatever measures are necessary and convenient to fulfill the abovementioned needs and purposes, and to do so, it hereby creates the Puerto Rico Infrastructure Financing Authority, as a public corporation and instrumentality of the Commonwealth, which is an independent body corporate and politic, and establishes the Water Pollution Control Revolving Fund and the Commonwealth Potable Water Revolving Fund.

The Authority may only require a benefited entity not to comply with any public bidding requirement when it has been so provided in the assistance contract and a resolution to that effect has been adopted by the Authority for each particular case.

The benefited entity may petition the Authority to create a special improvement district in a specific geographical area. Said districts shall constitute areas with common characteristics, interests and problems but may include adjacent or non-adjacent properties.

The benefited entity shall provide the Authority with information sustaining the need and convenience for establishing said special improvement district. Said information shall include, but not be limited to:

- (a) A detailed description of the proposed infrastructure and the reasons that make it necessary and justify the creation of the district;
- (b) a description of the geographical area which shall receive a specific and substantial benefit by the construction of said infrastructure, including a specific description of the benefits said area shall receive and the method used to determine said benefits;
- (c) the estimated cost of the infrastructure and its maintenance;
- (d) the estimated time for the termination of the proposed project;
- (e) an estimate of the percentage of the fees for benefits of the total cost of the project;
- (f) other sources of financing available, if any, to defray the cost of the construction, improvement or rehabilitation of the infrastructure; and
- (g) any other information which the Authority may request from the benefited entity which may be reasonably related to the establishment of said district and the imposition of the fees for benefits.

Should the Authority accept the petition, it shall determine in the resolution issued according to the provisions of Section 10 of this Act, whether the method used to determine the benefits is a fair mechanism to determine the specific benefit which each property within the special improvement district shall receive.

Section 9. — Notice of Public Hearing; Elections; Requirements and Vote. (3 L.P.R.A. § 1906b)

Should the Authority deem that the petition is meritorious, it shall call for a public hearing to be held in the area of the proposed district through an edict and shall request that the Municipal Revenues Collection Center, at least one hundred and twenty (120) days prior to the hearing, to serve notice of said hearing to all real property owners of the area by mail, to the address appearing in its records. Said edict shall be published at least two (2) times in a newspaper of general circulation at any time during the two (2) weeks prior to the date scheduled for the public hearing, but in any case before the third day prior to the date scheduled. The notices shall be mailed at least one hundred and twenty (120) days prior to the date scheduled for the hearing.

The edict and the mailed notices shall also inform the residents of the geographical area which comprises the proposed district, and that an election may be held regarding the establishment or non-establishment of the district, if a petition opposing the establishment of the district is signed by fifteen percent (15%) of the total of the real property owners and filed with the Authority within sixty (60) calendar days following the last publication of the edict.

If said petition is validly filed, the Authority shall call for a referendum among all owners of the real property included in the district so that they may decide whether the district should be

established or not. The vote of the majority of the participants in favor of either one of the alternatives shall decide the election. In the event a majority vote of the participants for either of the alternatives is not reached, it shall be understood that the decision is in favor of creating the district. Every property shall entitle two (2) votes to be cast.

In case the owner is a married couple under the regime of community property, each spouse shall be entitled to cast one (1) vote, although one spouse may convey to the other spouse in writing the right to cast his/her vote.

When more than one person owns property included within the proposed district which is not community property, the owners of said property shall designate in writing which of them, up to a maximum of two (2), shall be the owners of the property for the purposes of the election mentioned in this section.

When the property belongs to a corporation, partnership or estate, the duly authorized representative thereof shall vote as its representative after providing evidence of his/her authority to represent it.

If after the referendum has been called among all owners of the real property included in the special improvements district, the majority vote of the participants goes against the creation of the special district, the benefited entity shall pay the Municipal Revenues Collection Center the expenses incurred for the process of giving notice of the public hearing for such purpose.

Section 10. — Public Hearings on the establishment of Districts. (3 L.P.R.A. § 1906c)

On the date scheduled for the public hearing, the official designated by the Board shall preside over the hearing and the interested persons may appear and provide information or introduce proposals or objections related to the establishment of the district. Upon the conclusion of the hearing, the official shall render a detailed report on the matters taken into consideration and issue a recommendation to the Board. The Board shall make its decision on the basis of the report, the information provided by the benefited entity and any other material made available or provided during the hearing, as to whether or not the district is to be established, through a written resolution which shall be issued not later than one hundred and twenty (120) days following the conclusion of the same unless a referendum is called pursuant to the provisions of this Act. In the event a referendum should be called, the term of one hundred and twenty (120) days shall be interrupted and resumed anew if the establishment of the district is approved in the referendum. Said resolution shall gather together all grounds on which the Authority based its decision to authorize the approval of the district and shall also establish the purpose for which the fees for benefits shall be used, the estimated cost of the infrastructure, the dates or periods on which the fees for benefits shall be paid, the total amount of the funds to be raised through the fees for benefits to be imposed, the period for which said fees are to be imposed and an addenda stating the amount to be paid annually by each real property included in the district.

Said resolution shall also clearly establish the geographic boundaries of the district, which shall be drawn on a map to be attached to the resolution. The resolution may reduce or alter the proposed boundaries of the district but never increase the area of the proposed district. In case of inconsistencies between the map and the resolution, the map shall prevail.

Said resolution shall be published together with all its addenda in a newspaper of general circulation in the week after it is issued.

Section 11. — Fees for Benefits; Their Nature and Uses. (3 L.P.R.A. § 1906d)

The fees for benefits constitute a tacit legal charge and lien imposed on real property in proportion to the profits or the utility it receives or shall receive from an improvement, construction or repair of infrastructure. The fees for benefits shall never exceed the profit received by the real property.

The income proceeding from the collection of the fees for benefits, or from the bonds secured thereby, shall be used solely and exclusively to finance the infrastructure for which they were imposed, or to amortize the loan contracted to carry it out. However, the trust contract or the resolution providing for the bond issue, may provide for the income received to be invested pending its application, under the terms and conditions established by the resolution or trust contract.

Section 12. — Petition for Exclusion from the Improvements District or Reduction of the Fees Imposed for Benefits. (3 L.P.R.A. § 1906e)

Any owner or owners of real property which is totally or partially within the district established pursuant to the provisions of this Act, or their legal representatives, may file a petition with the Authority, individually or jointly, requesting that their real property be excluded from the district because the same will not benefit thereby, or that the fees for benefits be reduced because they exceed the real profits received by their property.

Said petition shall include the physical address of the property and the registry description of the same. The exact geographical location of the property shall be drawn on a map so that its location may be identified in relation to the district.

The petition shall also contain a statement setting forth the grounds sustaining said petition as well as a plea. The same must be sworn to by the owner or his/her legal representatives.

In those cases, it may deem meritorious, the Authority shall summon the petitioners as well as a representative of the benefited entity to a hearing to consider the petition for exclusion or reduction. The Authority may consolidate all related cases presented individually to expedite their prompt solution.

Section 13. — Hearing on the Petition for Exclusion or Reduction. (3 L.P.R.A. § 1906f)

The hearing on the petition for exclusion or reduction shall be chaired by an examining official who shall give equal opportunity to all parties to introduce evidence or arguments upholding their claim.

At the conclusion of the hearing, the examining official may:

- (1) Deny the petition because the petitioners failed to provide irrefutable proof that their property should be excluded because it receives no benefit whatsoever, or that the fees for benefits imposed by the resolution must be reduced because they exceed the benefits their property receives, or
- (2) grant the petition to exclude the property from the district or reduce the fees for benefits because the petitioners provided irrefutable proof for their petition, in which case the examining official must issue one of the following orders:

(a) In case of exclusion, that the exclusion of all or part of the real property described in the petition be ordered based on the fact that the property does not benefit from the improvements made in the district.

(b) In case of reduction, that an order be issued changing the fees for benefits imposed on all or part of the property described in the petition.

Regarding those cases set forth in clauses (a) and (b) of this subsection, a copy of the resolution shall be forwarded to the Municipal Revenues Collection Center so that the corresponding changes may be made.

Section 14. — Collection of fees by the Municipal Revenues Collection Center (CRIM, Spanish acronym); Lien on Property Subject to the Payment of Fees. (3 L.P.R.A. § 1906g)

Once the amount of the fees for benefits to be imposed on each of the properties included in the district has been determined through a resolution to that effect, a certified copy of the latter shall be forwarded to the Municipal Revenues Collection Center, which shall proceed to impose, serve and collect the fees for benefits and remit the same to the Authority within the term provided in this section. All the provisions of Act No. 83 of August 30, 1991, as amended [21 L.P.R.A. §§ 5001], known as the "Municipal Property Tax Act of 1991", applicable to taxes on real property shall apply to the fees for benefits, except those provisions regarding exemptions, exonerations, discounts for prompt payment, dates of payment and penalties, and the provisions of Section 3.30.

The Municipal Revenues Collection Center shall have up to a maximum of one hundred and eighty (180) days from the date it receives the resolution of the Authority to notify to all owners of real property included in the district by regular mail, the amount of the fees for benefits to be paid and their due date. In subsequent years, and until the term during which the fees for benefits provided in the resolution of the Authority shall be imposed is concluded, the Municipal Revenues Collection Center shall annually notify all owners by regular mail the amount of the fees for benefits to be paid that year and their due date. Every notice shall inform the owners of all consequences should they fail to make the payment on the date provided for the payment of the fees for benefits.

A Special Fund in the Government Development Bank for Puerto Rico is hereby created, denominated "Special Districts Improvement Fund". The Municipal Revenues Collection Center shall deposit the fees for benefits collected pursuant to this Act in said fund, pending their forwarding to the Authority; provided that said Center shall forward the funds to the Authority within a term not greater than ninety (90) days from the date of their receipt.

The Municipal Revenues Collection Center shall withhold five percent (5%) of all fees for benefits collected, to cover the costs it incurs for the imposition, notification and collection of the fees for benefits.

The fees for benefits imposed on a property pursuant to the provisions of this act and the resolution to that effect, shall constitute a tacit legal lien on said property, which shall have priority over any other lien on the property, regardless of its nature, whether they are imposed on the property before or after the lien determined by the fees for benefits and on any other third acquirer even though the latter may have filed its rights in the Property Registry, except that it shall be less than:

- (a) The fiscal lien securing the tax debts in arrears transferred pursuant to the terms of Section 6 of Act No. 21 of June 26, 1997 [21 L.P.R.A. § 5924];
- (b) the lien related to the property taxes imposed by Act No. 83 of August 30, 1991 as amended [21 L.P.R.A. §§ 5001 et seq.], known as the "Municipal Property Tax Act of 1991", or any successorial or related chapter, and
- (c) any liens constituted prior to the effectiveness of this act.

Said tacit legal lien on fees for benefits received shall only guarantee the payment of the fees for benefits described in the resolution. In case an infrastructure project financed through fees for benefits is not executed, the entity shall return to the owners of the real property included in the special improvement district, the amount they have paid as fees for benefits.

Section 15. — Date for the Payment of Fees for Benefits; Penalties for Delinquency; Maximum Amount of Fees for Benefits. (3 L.P.R.A. § 1906h)

The fees for benefits imposed according to the terms of this act shall be payable annually to the Municipal Revenues Collection Center or its representative, on the date provided by the former in the notice it shall issue annually to that effect pursuant to the provisions of Section 14 of this Act. Said fees for benefits shall be deemed delinquent if they are not paid within the thirty (30) days following their due date. After said thirty (30) days have elapsed, the collectors or authorized representatives of the Municipal Revenues Collection Center shall collect, in addition to said late fees for benefits and as part thereof, the interest on the amount thereof, computed as of the date fixed for their payment at the rate of ten percent (10%) per annum.

Said additional sum for interest shall be collected together with the principal on the fees for benefits that originated the same, as well as the legal collection charges, if any. As soon as the fees for benefits become delinquent, the Municipal Revenues Collection Center, through its agents, shall proceed to attach real assets and chattels of the owner of the real property subject to the payment of the fees for benefits in arrears, in an amount sufficient to answer for their payment and shall immediately notify the owner of the encumbered real property of the attachment.

The owner of the real property may request a review before the competent Superior Part of the Court of First Instance of Puerto Rico if it believes that there has been some irregularity in the notice of the fees for benefits or in the attachment by the Municipal Revenues Collection Center. Should the owner of the property fail to request the aforementioned review, the Municipal Revenues Collection Center shall proceed, as soon as possible, to conduct a public auction of the attached assets in order to collect the fees for benefits, including honorariums, costs and interest, on the thirty-first (31st) day of the date of the notice of attachment. The sale shall be conducted in the manner prescribed in Sections 4.03 and 4.05 of Act No. 83 of August 30, 1991, as amended [21 L.P.R.A. §§ 5103 and 5105].

At no time shall property included in a district or in several districts, be imposed fees for benefits that, together with any other fees for benefits it is bound to pay, will amount to an annual sum greater than two percent (2%) of the appraised value or tax purposes of the real property located in residential and agricultural areas, or greater than four percent (4%) of the appraised value for tax purposes, of the real property located in commercial and industrial areas.

Section 16. — Term to file lawsuits; procedure to refute the validity or legality of the establishment of the district; refutability clause.. (3 L.P.R.A. § 1906i)

Any lawsuit or procedure to refute, question or deny the validity or legality of the establishment of a special improvements district, a bond issue executed pursuant to this Act, or any procedure related thereto, must be initiated within sixty (60) days following the publication of the resolution creating the district in a newspaper of general circulation; otherwise, the establishment of the district, the bond issue and any other procedure related thereto shall be in all aspects valid, legal and irrefutable. None of the provisions of this section shall affect the term provided in Section 15 for the owner of the real property to request the review of the notice of the fees for benefits or any attachment initiated in the competent Superior Part of the Court of First Instance of Puerto Rico.

Section 17. — Contents of Deeds or Contracts . (3 L.P.R.A. § 1906j)

Any sales contract or deed, land assignment or donation, of any type of building or apartment which is part of a special improvements district, shall contain a statement indicating that the purchaser, assignee or donor fully knows and observes the precepts of this Act and of the resolution which establish and impose the fees for benefits, as applicable.

Section 18. — Bonds of the Authority. (3 L.P.R.A. § 1907)

The Authority is hereby authorized to issue bonds from time to time for such principal amounts which, in the opinion of the Authority, are necessary to provide sufficient funds to finance infrastructure including, but not limited to, all costs of developing and designing infrastructure projects, for the repayment of obligations of, or provide financial assistance to public corporations, municipalities, political subdivisions and instrumentalities of the Commonwealth which provide infrastructure, to pay interest on its bonds for such a period as the Authority may determine, and to pay such other expenses of the Authority or such other benefited entities, including, but not limited to, working capital, which are incidental, necessary or convenient to execute its or their corporate purposes and powers, and to pay any costs for their issue and to establish reserves to secure such bonds. The Authority may also issue bonds to acquire or refinance obligations of any benefited entity.

(a) The bonds issued by the Authority may be payable from all or any part of the gross or net revenues and other income derived by the Authority which, subject to the provisions of § 8 of Article VI of the Constitution of the Commonwealth of Puerto Rico, may include the proceeds of any tax or other funds which may be made available to the Authority by the Commonwealth as provided in the trust agreement or resolution whereby the bonds are issued. The principal of, and interest on, the bonds issued by the Authority may be secured by a pledge of all or part of any of its revenues which, subject to the provisions of § 8 of Article VI of the Constitution of the Commonwealth of Puerto Rico, may include the proceeds of any tax or other funds which may be made available to the Authority by the Commonwealth, all as provided in the trust agreement or resolution under which the bonds are issued. Such pledge shall be valid and binding from the time it is made without the need for a public or notarized instrument. The revenues so pledged, including those subsequently received by the Authority, shall immediately be subject to said lien without the

need of the physical delivery thereof or any other act, and said lien shall be valid and binding and shall prevail against any third party having any kind of claim against the Authority for damages, breach of contract or other reasons, regardless of whether such third party has been so notified. Neither the trust agreement, nor the bond resolution, nor any collateral agreement by which the Authority's rights on any revenues are pledged or assigned shall have to be presented or recorded in order to perfect the lien thereon against any third party except in the records of the Authority. The resolution or resolutions authorizing the bond issue or the trust agreement securing the bonds may contain provisions which shall be part of the contract with the holders of the bonds issued under such resolution or resolutions or under such trust agreement regarding the pledge and creation of liens on the Authority's revenues and assets, the creation and maintenance of redemption and reserve funds, limitations concerning the purposes to which bond proceeds may be applied, limitations concerning the issuance of additional bonds, limitations concerning the introduction of amendments or supplements to such resolution or resolutions, or to the trust agreement, the granting of rights, powers and privileges and the imposition of obligations and responsibilities upon the trustee under any trust agreement or resolution, the rights, powers, obligations and liabilities that shall arise in the event of a default of any obligation under such resolution or resolutions or under such trust agreement, or in connection with any rights, powers or privileges conferred on the bondholders as security for the bonds in order to enhance their marketability.

(b) The bonds may be authorized by a resolution or resolutions of the Board. They may be serial bonds, bear such date or dates, mature at such a term or terms not to exceed fifty (50) years from the respective dates of issue and may accrue interest, if any, at such interest rate or rates (which may be fixed or variable) that do not exceed the maximum allowable legal rate at the time. The bonds may be payable in such place or places, whether within or outside the Commonwealth, may be of such a denomination or denominations, and in such a form, as coupon bonds or registered bonds, may have such registration or conversion privileges, may be issued in book-entry form, may be executed in such a manner, may be payable by such means of payment, may be subject to such redemption terms, with or without premiums, may provide for the replacement of mutilated, destroyed, stolen or lost bonds, may be authenticated in such a manner and upon compliance with such conditions, and contain such terms and conditions, and be issued in temporary form, pending the execution and delivery of final bonds as may be provided in the resolution or resolutions or the terms provided in the trust agreement. The bonds may be exchanged for obligations of the benefited entity or may be sold at public or private sales at the price or prices the Authority may determine; Provided, however, That refinancing bonds may be sold or exchanged for outstanding bonds of the Authority or the benefited entity on such terms as the Authority may deem are in its best interest. **(c)** The proceeds from the sale of each bond issue shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution or resolutions authorizing the bond issue or in the trust agreement securing such bonds.

(d) The bonds of the Authority bearing the signatures of the officers thereof who were in office on the date said bonds were signed shall be valid and binding obligations, even though any or all the officers whose signatures or facsimile signatures appear thereon have ceased as such officers of the Authority before the delivery and payment of said bonds. Any trust agreement or resolution securing the bonds shall provide that any such bonds may contain a statement to the effect that they were issued pursuant to the provisions of this Act, and any bond containing such statement

under the authority of any such trust agreement or resolution shall be conclusively deemed to be valid and to have been issued pursuant to the provisions of this Act. Neither the members of the Board of the Authority nor any person executing the bonds shall be personally liable, nor shall they be subject to any civil liability for the issuance of said bonds.

Section 19. — Refunding Bonds. (3 L.P.R.A. § 19)

The Authority is hereby authorized to issue refunding bonds of the Authority for the purpose of refunding those bonds in effect and outstanding at that time, which have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or accruing as of the redemption or maturity date of such bonds and, if deemed advisable by the Authority, for any of the purposes for which it may issue bonds. The issuance of such bonds, the maturities and other pertinent details, the rights of the bondholders, and the rights, duties and obligations of the Authority with regard thereto shall be governed by the provisions of this Act concerning the issuance of bonds insofar as such provisions shall be applicable.

Refunding bonds issued under this section may be sold or exchanged for outstanding bonds issued under this Act, and, if sold, the proceeds thereof may be applied, in addition to any other authorized purpose, to the purchase, redemption or payment of such outstanding bonds in effect, and may be invested pending such application. Refunding bonds may be issued, at the Authority's discretion at any time on or before the date of maturity or maturities, or the date selected for the redemption of the bonds being refunded.

Section 20. — Tax Exemption. (3 L.P.R.A. § 1909)

(a) It is resolved and declared that the purposes for which the Authority is created and shall exercise its powers are public purposes for the benefit of the people of Puerto Rico, and the exercise of the powers conferred under this Act constitutes the performance of essential government functions.

The Authority shall be exempt from the payment of all taxes, permits, fees or licenses imposed by the Commonwealth or its municipalities on the properties of the Authority and those under the jurisdiction, authority, control, domain, possession or supervision of the Authority and on the income derived from any of the Authority's undertakings or activities. The Authority shall pay excise taxes on articles subject to the provisions of Act Oct. 5, 1987, No. 5, known as the "Excise Tax Act of 1987 of the Commonwealth of Puerto Rico".

(b) In order to facilitate the procurement of funds to enable it to carry out its corporate purposes, the bonds issued by the Authority under the provisions of this Act, their transfer and the income therefrom, including any gains obtained from their sale, shall be and at all times remain exempt from the payment of all taxes, licenses or fees levied by the Commonwealth or any of its municipalities.

(c) The Authority or any benefited entity shall also be exempt from the payment of all kinds of charges, internal revenue stamps and receipts, fees or taxes required by law for the prosecution of judicial proceedings, the issuing of certifications in all offices and dependencies of the Commonwealth, and the execution of public documents and their registration in any public registry of the Commonwealth.

Section 21. — Immunity from Liability. (3 L.P.R.A. § 1910)

The bonds issued by the Authority shall not constitute an indebtedness of the Commonwealth nor of any of its political subdivisions, and neither the Commonwealth nor any of its political subdivisions shall be liable therefor, and such bonds shall be payable solely out of those funds pledged for the payment thereof.

The Authority shall not be deemed to be acting on behalf of or to have incurred any obligation to the holders of any indebtedness of the Commonwealth or any benefited entity or to third parties, even when the Authority has taken any action under this Act which affects such benefited entity.

Section 22. — Trust Agreement. (3 L.P.R.A. § 1911)

In the discretion of the Authority, any bonds issued under the provisions of this Act shall be secured by a trust agreement by and between the Authority and any bank or trust company described in the following paragraph, which may be a bank or trust company within or without the Commonwealth. Notwithstanding any provision of law to the contrary, said trust agreement need not be constituted pursuant to a public deed in order to be a valid trust under the laws of the Commonwealth.

It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth, the United States of America or any state of the United States of America which may act as depository of the proceeds of the bonds, revenues or other moneys, to provide such indemnity bonds or to pledge such securities as may be required by the Authority. In addition to the above, the trust agreement shall contain all such provisions as the Authority may deem reasonable and proper for the protection of the bondholders.

Section 23. — Transfers, assistance and fees paid by other benefited entities. (3 L.P.R.A. § 1912)

Subject to the provisions of trust agreements, resolutions or other agreements in effect on the effective date of this act, any benefited entity is authorized to:

- (a) Assign and transfer to the Authority, at its request and upon such terms and conditions as the parties may agree, any property or interest therein, including property already devoted to public use which the Authority may deem necessary or convenient to achieve its purposes. Every assignment or transfer of property pursuant to the provisions of this subsection shall be previously approved by the Governor of Puerto Rico and notified to the Legislature no later than five (5) working days after the date on which the Governor approves the assignment or transfer of the property in question, by filing with the Office of the Secretary of each Legislative Body a document certified by the Secretary of the Board containing a description of the assigned or transferred property and the reasons for such transfer or assignment.
- (b) Pledge its revenues and other property for the payment of bonds issued by the Authority.
- (c) Render all types of services to the Authority, including those of its officers, agents and employees to assist it in performing its functions and duties under this Act. In performing its functions as authorized under this Act, the Authority is empowered to set and charge fees for its services rendered to the benefited entity and the latter shall be responsible for the payment of such

fees and the reimbursement of any costs incurred by the Authority in providing services to the benefited entity.

Section 24. — Covenant of Commonwealth with bondholders. (3 L.P.R.A. § 1913)

The Commonwealth pledges and agrees with the holders of any bonds issued under this Act and with those persons or entities that enter into contracts with the Authority, pursuant to the provisions hereof, that it shall not limit or alter the rights hereby conferred to the Authority until such bonds and the interest thereon are paid in full and such contracts are fully performed and honored on the part of the Authority; Provided, however, That nothing provided herein shall affect or alter such limitation if adequate measures are provided by law for the protection of said holders of the Authority's bonds or of those who have entered into such contracts with the Authority. The Authority, as an agent of the Commonwealth, is hereby authorized to include this pledge on behalf of the Commonwealth on such bonds or contracts.

Section 25. — Infrastructure Development Fund. (3 L.P.R.A. § 1914a)

(a) A special, irrevocable and permanent public trust fund is hereby created within and under the control of the Authority, for the continued benefit of the people of Puerto Rico, to be known as the Infrastructure Development Fund. The Authority shall be empowered to make disbursements from said Development Fund according to the purposes of this Act and the provisions of Section 5 of [Act No. 54 of August 4, 1997](#) [27 L.P.R.A. §§ 431 et seq.]. The Authority may grant assistance according to the provisions of this section to any public corporation, government instrumentality, political subdivision or municipality authorized by law to provide infrastructure facilities related to the aqueduct and sewer systems, including all water supply, treatment and distribution systems and waste water treatment and disposal systems and improvements financed under the provisions of the [Federal Clean Water Act](#) and the [Federal Drinking Water Act](#), or any other similar or related federal legislation or regulations.

The Authority shall create within the Development Fund, an account to be known as the "Corpus Account", whose principal shall never be reduced for any reason; provided, that any income (including interest income) received from the investment of moneys deposited in said account may be covered into any of the additional accounts, as defined in this Act.

The Authority is also empowered to:

- (1) Create within the Development Fund any other accounts needed to carry out the purposes of this Act, henceforth to be known as the "Additional Accounts", and segregate a portion of the moneys deposited to the credit of the Development Fund in said accounts.
- (2) Grant loans or concessions or provide any other financial assistance, as provided in subsections (c) to (f) of this section.
- (3) Issue, for the purpose of providing funds to cover all or part of the cost of any necessary infrastructure development project, bonds or other obligations of the Authority, under the same terms and conditions and with the same rights and benefits provided in other provisions of this Act and with regard to the above.

(4) Pledge, with the same effect as provided in other sections of this Act, all or part of the moneys segregated in any of the additional accounts thus created for the payment of the principal of and interest on such bonds or other obligations.

(5) Pledge, with the same effect as provided in other sections of this Act, all or part of the moneys segregated in any of the additional accounts thus created for the payment (including the provision for payment until the expiration or resolution) or the refinancing of bonds or other obligations of the Authority or any other public corporation, municipality, political subdivision or government instrumentality, or

(6) use said moneys thus segregated in any of the additional accounts thus created, for any other legal purpose of the Authority.

Pending its use for the purposes of, and subject to the conditions specified in this Act, any amount of the money deposited to the credit of the Development Fund up to \$1,000 million [one billion dollars], shall be invested:

(1) In direct obligations of the United States.

(2) In obligations whose principal and interest are unconditionally secured by the United States.

(3) In certificates of deposit of any bank, national banking association or trust company organized and existing under the laws of Puerto Rico, the United States or any of its states and which are totally secured up to the amount not secured by federal deposit insurance for direct obligations of, or obligations whose principal and interest are unconditionally secured by the United States.

(4) In tax-exempted obligations of any state, instrumentality, agency or political subdivision of Puerto Rico or the United States whose corresponding principal and interest payments are totally secured by obligations such as those described in clauses (1) and (2) of this paragraph. The moneys of the Development Fund may be invested in any obligation or instrument approved by the Government Development Bank pursuant to Act No. 113 of August 3, 1995 [7 L.P.R.A. §§ 1261 et seq.]. Any amount of money deposited to the credit of the Development Fund in excess of \$1,000 million [one billion dollars] shall be invested in the abovementioned financial instruments or in any other financial instruments (including, but not limited to common or preferred stock quoted in the national or international stock markets); Provided, That the money deposited to the credit of the Development Fund shall not be invested in any stock or transactions expressly prohibited by any investment guides applicable to the Authority, promulgated by the Government Development Bank pursuant to Act No. 113 of August 3, 1995.

(b)

(1) The following shall be deposited to the credit of the Development Fund:

(i) The portion of the net product of the sale of the assets of the Puerto Rico Telephone Authority, which the Legislature of Puerto Rico authorizes for deposit to secure the permanent capital base of the Development Fund, which shall be deposited and maintained intact in the Corpus Account.

(ii) All receipts, including principal and interest payments, of any loan agreement related to any loan made by the Authority with money deposited to the credit of the Development Fund, not belonging to the Corpus Account.

(iii) The total product of the assets of any nature received by the Authority as a result of noncompliance or delinquency with regard to loan agreements related to loans made with moneys deposited to the credit of the Development Fund, including the product of the sale, disposal or lease of real estate or chattels which the Authority may receive as a result of said noncompliance or delinquency.

(iv) Any appropriations of the Legislature of Puerto Rico or other appropriations, assignments, donations or contributions made by any person to the Development Fund.

(v) Any income (including income from interest) received from the investment of moneys covered into the Development Fund. However, any income of the Development Fund shall be used in the first place, to pay the principal, the premiums and the interest on any bonds issued or to be issued, as provided in subsection (a) of this section and that any surplus income which is not needed to cover the total amount of said payments be deposited in the Corpus Account up to the amount needed to preserve intact the capital base of the Corpus Account at its present value to the year 1999.

(2) Except for the provisions of subsection (b)(1)(i) Section 25, the Authority, subject to any legal or contractual obligation in effect at the time, shall determine into which accounts of the Development Fund shall all or part of said deposits be made.

(c) The Authority is hereby authorized to grant loans or concessions to, or [on] behalf of any public corporation, municipality, political subdivision or government instrumentality for the purpose of financing or facilitating the financing of infrastructure development projects, including loans and concessions to, or [on] behalf of infrastructure development projects with the purpose of providing access to or reducing the financing costs of other sources of financing whether by borrowing money from diverse sources, obtaining credit backing, shares or subsidies to cover financing costs.

(d) The Authority is hereby authorized to grant interest subsidies to any public corporation, municipality, political subdivision or government instrumentality which has successfully requested the financing of loans for infrastructure development projects from other federal and Puerto Rican financing intermediaries and programs. The Authority shall only grant interest subsidies to, or [on] behalf of an infrastructure development project when it has been determined that the interest subsidy is justified to permit the total financing of the project.

(e) The Authority is hereby authorized to grant loans and credit backing concessions to any public corporation, municipality, political subdivision or government instrumentality. Loans and credit backing concessions may be granted to public intermediaries of infrastructure financing in order to acquire letters of credit and other forms of credit backing to allow the recipient to expand the financing resources or reduce the cost of financing, available to any public corporation, municipality, political subdivision or government instrumentality to finance the necessary infrastructure development projects.

(f) The Authority is hereby empowered to grant reserves of funds in order to facilitate the access to, and the financing of costs through funds available by means of other public intermediaries of infrastructure financing. Said concessions may be granted only to public intermediaries of infrastructure financing authorized to provide financing to any public corporation, municipality, political subdivision or government instrumentality for the necessary infrastructure development projects. The product of said concessions may only be used by public intermediaries of infrastructure financing to establish reserves of funds for losses whose intention is to diversify the

access and financing of infrastructure costs. The reserves of funds for losses shall be established according to a trust agreement granted for such a purpose by the grantee financing intermediary. The trust agreement shall limit the uses of the reserve of funds to pay for the losses which occur in the infrastructure financing program of the public intermediary of infrastructure financing, as specified in the concession agreement and to pay the fees and other administrative costs of the reserve funds for losses trust.

(g) The application for funds shall be done in the form and manner prescribed by the Authority. The Authority is hereby authorized to promulgate the necessary regulations in the opinion of the Authority that are not inconsistent with any of the provisions of this Act, to govern the application process and establish the criteria that the Authority deems necessary for each application to meet.

(h) The infrastructure loans and concessions granted by the Authority are subject to the following conditions:

(1) The financial assistance provided through loans and concessions must be used for the purposes specified in subsections (c) to (f) of this Section 25.

(2) For infrastructure loans the Authority must determine the interest rates, if any, including interest rates below those of the loan market. The Authority shall fix the terms and conditions for paying the loans.

(3) The payment of the principal and interest on the loans made and any funds received by the Authority as a result of noncompliance of the terms and conditions of a loan shall be covered into the Development Fund.

(i) The Authority is hereby authorized to take any action that is necessary or appropriate to protect the interests of the Development Fund in case of default, execution, or noncompliance with the terms and conditions of the loans or concessions granted under this Act, including the power to sell, dispose of or lease real property or chattels that the Authority may receive in said cases, under the terms and conditions the Authority deems appropriate.

(j) The Authority may use the revenues from the investment of the funds proceeding from the sale of the Puerto Rico Telephone Authority solely for aqueduct and sewer infrastructure projects.

(k) During the period included between the date of approval of this Act and December 31, 2012, the Authority shall dispose of the assets deposited in the Corpus Account as follows: (i) transfer the sum of \$162.5 million from the funds currently deposited in the Corpus Account of the Infrastructure Development Fund created by virtue of [Act No. 92 of June 24, 1998](#), as amended, to the Retirement System, to be invested only in capital appreciation bonds issued by the Puerto Rico Sales Tax Financing Corporation (COFINA, Spanish acronym) with a maturity date of not less than thirty (30) years, but not more than forty (40) years at an interest rate of not less than seven percent (7%); and (ii) the surplus shall remain in the Corpus Account and shall be used to purchase a capital appreciation bond issued by the Puerto Rico Sales Tax Financing Corporation with a maturity date of not less than thirty (30) years, but not more than forty (40) years at an interest rate of not less than seven percent (7%). As a part of these functions, the Authority shall coordinate all efforts and works between the Government of Puerto Rico and the Federal Government, as well as coordinate internally among the various entities that constitute the Government of Puerto Rico, as may be required or convenient for handling and receiving said resources, as well as the maximization thereof. Furthermore, the Authority shall be the chief entity of the Government of Puerto Rico for the identification, programming, planning, development, channeling of resources, and supervision of projects, initiatives or programs that qualify for financing with these resources. The Authority shall also handle, gather, organize, analyze, submit for approval if necessary, and disclose information and reports as may be required pursuant to the [Federal Economic Stimulus Act of 2009](#), in order to guarantee transparency as to their employment and administration.

From the funds to be received and administered by the Authority, the tax credits or incentives granted to the residents of Puerto Rico are hereby excluded; the latter are to be received, administered, and disbursed by the Secretary of the Treasury. Furthermore, all funds that, under the provisions of the [Federal Economic Stimulus Act of 2009](#) or under the norms or rules of, or agreements existing with, the Federal Government, must be received, disbursed, or administered by any other entity of the Government of Puerto Rico, are hereby excluded. However, the Authority shall be responsible for discharging all other tasks hereby entrusted that are not incompatible with the provisions of the [Federal Economic Stimulus Act of 2009](#) or with the norms or rules of, or the agreements existing with, the Federal Government.

In coordination with the Bank and the Secretary of the Department of the Treasury, and to the extent that it is not incompatible with the [Federal Economic Stimulus Act of 2009](#) or with the norms or rules of the Federal Government or interagency agreements, the Authority shall invest the funds it receives as provided for under subsection (f) of this Section and shall make all payments from these funds as pertinent.

C) Assistance Contracts. — In order to further and expedite the purposes of this Section and to expediently channel the federal assistance received and ensure compliance with the requirements

set forth under the [Federal Economic Stimulus Act of 2009](#), the Authority is hereby authorized, as well as each entity of the Government of Puerto Rico, to enter into Assistance Contracts. Benefited Entities shall be under the obligation to comply with the provisions of their Assistance Contracts and with the actions taken by or on behalf of the Benefited Entity or the Authority under such contracts, provided that such Benefited Entity is able to take such actions without infringing upon the laws, contracts, and agreements in effect. Subject to the provisions of this Section, the [Federal Economic Stimulus Act of 2009](#), the Authority’s Organic Act insofar as not incompatible with this Section, or any other law, agreement, or contract of the Authority or the Benefited Entity in effect, Assistance Contracts shall include all provisions as the Authority may deem pertinent to achieve the purposes of such assistance. Such contracts may include, not to be construed as a limitation, the terms listed in the Organic Act of the Authority, as well as all others as the Authority may deem necessary or convenient.

D) *Special Periods.* — It is hereby declared that Benefited Entities who execute Assistance Contracts shall enter into Special Periods from the time the Assistance Contract is executed, until such Special Periods end at the time the purposes thereof are completed or the conditions provided under such contract are met. During such Special Periods, the Authority may require the Benefited Entity to meet certain conditions or to take or adopt actions or measures as the Authority may deem necessary and convenient to maximize the benefits thus received for Puerto Rico as efficiently and expediently as practicable and to distribute them in the fairest and most equitable manner. Furthermore, it may establish in the corresponding Assistance Contract, the measures that the Authority may implement during such Periods and the remedies available to the Authority when the Benefited Entity fails to comply with the provisions of the Assistance Contract.

During the Special Period, and as an exception to any bidding requirement imposed under the organic act or the bylaws of a Benefited Entity of the Government of Puerto Rico, the Authority shall be empowered to require that any Benefited Entity not to observe such bidding procedure when awarding contracts for construction, procurement, or any other contract for services, unless the [Federal Economic Stimulus Act of 2009](#), or other Federal law, rule or norm requires specific procurement and contracting procedures to be followed, in which case, the latter procedures shall be observed. The Authority may require a Benefited Entity not to observe the bidding procedures only when such provision has been set forth in the Assistance Contract and by means of a resolution of the Board of Directors of the Authority to that effect. Furthermore, the Authority is hereby authorized to charge reasonable fees to Benefited Entities on account of services provided under Assistance Contracts. Insofar as the [Federal Economic Stimulus Act of 2009](#) allows, Benefited Entities may defray the share of service fees and repay the Bank loan in quantities as eligible from funds received under the [Federal Economic Stimulus Act of 2009](#). All other implementation costs shall be payable from resources available to each Benefited Entity. Insofar as such available resources

are not sufficient to repay all the amounts advanced by the Bank and the service fees charged by the Authority, these shall be repaid on a yearly basis by means of budgetary appropriations up to a sum equal to the amount of the loan granted by the Bank and the sums owed to the Authority. The Director of the Office of Management and Budget shall include in the operating budgets of the Commonwealth of Puerto Rico, submitted annually by the Governor to the Legislature, beginning in the fiscal year following the date on which the Bank has made a disbursement, the amounts necessary so as to allow the Bank to recover the principal of and interest on the loan disbursed and to allow the Authority to recover the service fees owed.

F) Funds. — The funds received by the Government of Puerto Rico under the [Federal Economic Stimulus Act of 2009](#) shall be kept in separate accounts and deposited in the Bank or in any other institution authorized by law to receive public fund deposits. These funds shall be accounted for, controlled, and administered by the Authority, subject to the applicable accounting laws, the requirements established under the [Federal Economic Stimulus Act of 2009](#), and any other norm, rule, or agreement whereby such funds are received.

G) Acceptance On Behalf of the Government of Puerto Rico. — The Authority, on its behalf and on behalf of the Government of Puerto Rico, shall be the entity authorized to accept the benefits available under the [Federal Economic Stimulus Act of 2009](#). The Authority may execute contracts and other documents with the Federal Government as necessary to accomplish the purposes of this Section and the [Federal Economic Stimulus Act of 2009](#).

H) Norms for Construing this Section. — It shall be understood that the provisions of this Section are to be construed in the most liberal manner possible in favor of the maximization of the funds that Puerto Rico may receive under the [Federal Economic Stimulus Act of 2009](#); the expedient, fair and reasonable distribution of such assistance; the transparency and the timely, complete and clear disclosure of the funds to be distributed, and the procedures observed; the efficiency in project development; and the accomplishment of the purposes of the [Federal Economic Stimulus Act of 2009](#) as set forth therein. Likewise, the powers and authorities conferred onto the Authority under this Section and under the Organic Act of the Authority shall be construed liberally, in order for the purposes of this Section to be attained.

I) Provisions in Contravention Rendered Ineffective. — In the event that the provisions of this Section are in contravention with the provisions of any other law, the provisions of this Section shall prevail, unless the provisions of such other law specifically amend or repeal any or all the provisions of this Section.
